Wood Stamp Instructions

Wood mounted rubber stamps must be used with an ink pad. We carry a wide variety of inks to be used on your choice of surface (paper, glass, etc.) and a huge range of great colors to suit your project.

Stamp designs (text or artwork) must be submitted in "hard copy" form and must be printed in black ink on white paper. *No grayscale images*. This ensures the cleanest image possible. Sorry, no digital files of any kind can be accepted. This includes pdf's, jpegs, vector images and the like.

Your stamp design must be the exact size you require for your finished product.

We cannot make any modifications or size changes to your design.

Font size should be a minimum of 11pt to ensure clarity of finished stamp.

Designs can be submitted in person or by mail. When sending by mail, please don't forget to include your name and a daytime phone number.

Pre-payment is required for all custom rubber stamps. Custom stamps are non-refundable and non-returnable. See prices below:
